WORK EXPERIENCE

Northeastern Illinois University, Chicago

Computer Science Tutor (AUGUST 2022 - PRESENT)

- Provides individual and group tutoring sessions to undergraduate and graduate students in various computer science subjects, including algorithms, data structures, programming languages, computer organization and architecture, and database systems.
- Assists students with homework, projects, and exam preparation by explaining complex technical concepts and providing practical examples.
- Mentors students on a regular basis, providing guidance on academic and career-related issues, and fostering a supportive and inclusive learning environment.

Northeastern Illinois University, Chicago

Computer Science Peer Leader (JANUARY 2022 - PRESENT)

- Demonstrates expertise in Java programming by leading problem-solving workshops and assisting with class activities that help students understand key programming concepts by reinforcing fundamental programming principles.
- Reviews and provides feedback on students' code, honing skills in reading and analyzing code.
- Collaborates with other peer leaders in a multi-tiered support network to deepen understanding of programming concepts and technical skills.

Northeastern Illinois University, Chicago

Computer Lab Assistant (SEPTEMBER 2022 - PRESENT)

- Provides technical assistance to students and faculty using computer lab equipment and software.
- Monitors computer lab usage and enforces lab policies to ensure a safe and productive environment for all users.

EDUCATION

Northeastern Illinois University

B.S. Computer Science (MAY 2023)

Dean's List, 3.89 GPA, Andrew Mihopoulos Scholarship, Fulltime Student Employee

CERTIFICATION

Back-End Developer, Meta (IN PROGRESS)

Certified Developer Associate, AWS (IN PROGRESS)

SKILLS

Java, Spring Boot, HTML, CSS, JavaScript, Bootstrap, SQL, Git, GitHub, Python, Data Structures, XML, HTTP, Object-Oriented Programming, Software Development, Agile Methodologies, Debugging, Spring Framework, Algorithms, IntelliJ IDEA, PyCharm, WebStorm, Maven, Linux, Full-Stack Development, Unified Modeling Language (UML), Mermaid, MySQL, PHPmyAdmin, C (programming language), C++, React.js, Device Drivers, Front-End Development, Back-End Development, Relational Databases
